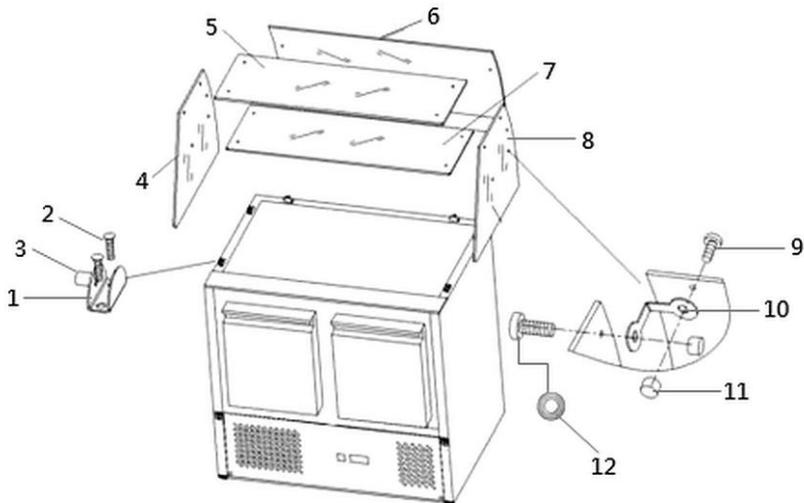

Fig. 1

1. First, attach the glass supports (1) (2 on the left, 2 on the right and 2 at the rear) on the housing of the saladette. Use the supplied screws (2).
2. Fit the left (4) and right (8) glass in the mounted glass supports (1). Manually tighten the threaded studs (3) of glass supports. **Do not overtighten the studs as the glass may break!**
3. Using the supplied cylindrical head screws (9), rubber rings (12) and nuts (11) mount two angle connectors (10) in the middle of the left (4) and right (8) glass. Place the glass shelf (7) and fasten it by screwing.
4. Using the nuts (11), rubber rings (12) and screws (9) mount another 2 angle connectors (10) in the rear part of the left (4) and right (8) glass. Fit the rear glass (6) in the glass supports (1) and fasten the rear glass (6) with left (4) and right (8) glass by screwing.
5. Using the nuts (11), rubber rings (12) and screws (9) mount 2 pairs of angle connectors (10) in the upper areas of the left (4) and right (8) glass. Next, place the upper glass (5) on the right (8), left (4) and rear (6) glass and fasten it to the angle connectors on the right and left sides.
6. Finally, check whether all the glass panes have been tightly secured.
